

AMENDMENTS TO THE CLAIMS

This listing of claims replaces all prior versions, and listings, of claims in the application.

1. (Currently Amended) A document filing folder comprising:
a cover including an anterior sheet and a posterior sheet;
a binding joining the anterior and posterior sheets; and
notebook pages securely connected to the binding, ~~one of the~~ wherein a first
sheet of the anterior and posterior sheets having includes:
a first flap along ~~at least~~ one of lower and upper edges of the first sheet,
and
a second flap along a lateral edge of the first sheet, the first and second
flaps being foldable towards and away from an interior side of the first sheet for
storing ~~documents, the documents being~~ and accessing notebook pages that are,
respectively, securely linked to the binding ~~for storing the notebook pages,~~ by folding
the first and second flaps successively, one on top of ~~another~~ the other, toward the
interior side of the first sheet, with the notebook pages ~~stored under the first and~~
second flaps folded towards the interior side of the first sheet, and by unfolding the
flaps away from the interior side of the first sheet and notebook pages stored under the
first and second flaps.
2. (Currently Amended) The filing folder according to claim 1, wherein the
first sheet with the flaps is the posterior sheet.
3. (Currently Amended) The filing folder according to claim 1, wherein the
binding includes a spiral, enabling the notebook pages to be stored flat ~~over~~ against

the first sheet with the flaps folded toward the interior side of the first sheet with notebook pages under the first and second flaps.

4. (Currently Amended) The filing folder according to claim 1, comprising closing means for keeping the filing folder closed with the notebook pages between the anterior and posterior sheets, the closing means including a rubber band attached to ~~one of the anterior~~ the first sheet and the posterior sheet, sliding relative to the first sheet through eyelets, and which can be placed over at least one a corner of a second of the ~~other~~ anterior sheet and the posterior sheet, parallel to the binding.

5. (Currently Amended) The filing folder according to claim 1, wherein ~~one of the anterior~~ first sheet and the posterior sheet has ~~three~~ a third flap and the first and third flaps, are respectively located along the lower and upper edges, ~~and along the lateral edge of the first sheet.~~

6. (Currently Amended) The filing folder according to claim 2, wherein the binding includes a spiral, enabling the notebook pages to be stored flat ~~over~~ against the first sheet with the flaps folded toward the interior side of the first sheet with notebook pages under the first and second flaps.

7. (Currently Amended) The filing folder according to claim 2, comprising closing means for keeping the filing folder closed with the notebook pages between the anterior and posterior sheets, the closing means including a rubber band attached to ~~one of the anterior~~ the first sheet and the posterior sheet, sliding relative to the first sheet through eyelets, and which can be placed over at least one a corner of a second of the ~~other~~ anterior sheet and the posterior sheet, parallel to the binding.

8. (Currently Amended) The filing folder according to claim 3, comprising closing means for keeping the filing folder closed with the notebook pages between

the anterior and posterior sheets, the closing means including a rubber band attached to one of the anterior the first sheet and the posterior sheet, sliding relative to the first sheet through eyelets, and which can be placed over at least one a corner of a second of the other anterior sheet and the posterior sheet, parallel to the binding.

9. (Currently Amended) The filing folder according to claim 2, wherein ~~one of the anterior first sheet and the posterior sheet~~ has ~~three~~ a third flap and the first and third flaps, are respectively located along the lower and upper edges, ~~and along the lateral edge of the first sheet.~~

10. (Currently Amended) The filing folder according to claim 3, wherein ~~one of the anterior first sheet and the posterior sheet~~ has ~~three~~ a third flap and the first and third flaps, are respectively located along the lower and upper edges, ~~and along the lateral edge of the first sheet.~~

11. (Currently Amended) The filing folder according to claim 4, wherein ~~one of the anterior first sheet and the posterior sheet~~ has ~~three~~ a third flap and the first and third flaps, are respectively located along the lower and upper edges, ~~and along the lateral edge of the first sheet.~~
